We're Back on Track

Dear Parents of Grades 5, 6, 7 and 8 students,

The ASG Environment Club is resuming its activities, which aim at increasing the students' environmental awareness.

For the past 14 years, the Club has launched a massive campaign to **recycle paper, plastic, batteries, and electronic wastes**. For 2 consecutive years, our school was chosen in the BankMed competition as "THE GREENEST SCHOOL" in Mount Lebanon.

Students planted trees, green plants and flowers and also encouraged parents to use fabric shopping bags (designed and sold at school) instead of plastic bags.

The club organized several **trips to visit new places in Lebanon** including: Ehden Natural Reserve, Palm Islands Reserve, Cedars of Lebanon, Msaylha Fortress, Rachaya Fortress, Ksara Winery Cellar, Qaraoun Dam, Baalbeck, Assi River, Mar Maroon Ruins in Hermel, Tyr Natural Reserve, Roman Ruins in Tyr, Qana El Jalil, Maasser Chouf Natural Reserve, Tannourine Natural Reserve, Douma, Qannoubine Sacred Valley, Kadisha Grotto, and Kfarhim Grotto.

Go Green, join our club, and participate in all those activities and more.

Members like you make it a better, cleaner place.

Administration

Kindly complete the form below and return it to Mrs. Lydia Daou. Thank you.

✂.....

I allow my child _____ in Grade _____

to join the ASG Environment Club. I am enclosing the annual fee of \$10.
