

Dear Parents,

Please be aware!

Extremely inappropriate videos are circulating online and being viewed by your children. Your children are not safe online; YouTube and Kids YouTube sites have been infiltrated by videos that start perfectly innocently and suddenly turn into a vulgar show of danger and violence.

These videos push children to perform dangerous tasks such as turning on the gas in the house, hacking off their hair and even killing themselves without the knowledge of the parents.

Please understand that this highly invasive game known as **MoMo** will cause great distress and discomfort to your child.

If your child has seen something online that has upset them, please encourage them to talk about it.

Seek a specialist's advice if their fear persists.

نلفت نظر الأهل الكرام إلى هذا الموضوع الذي
يؤثر سلبيًا في تصرف الأولاد وسلوكهم النفسي.

حفظ الله أولادنا من كلّ سوء!
